Motor Power	350 - 675 Watts
Standby Power	With and without LED less than 0.5 Watt
Heater Element	On/Off Option 450-875W (adjustable with output)
Drying Time	10 - 15 Seconds
Air Flow (m³/h)	89-144m ³ /h, 100m/s

NOISE LEVEL 76dB(A) (at 1m)

APPROVALS

SAFETY FEATURES

Motor Thermal Protection	Auto resetting Stat turns unit off at 105°C
Heater Thermal Protection	Auto resetting Stat turns unit off at 85°C Thermal cut-off at 142°C
Protection	IP23
Isolation	Class 1
Time Protection	60s Auto Shut Off

SIZE AND WEIGHT

Width	322mm
Height	625mm
Depth	185mm
Weight	12.8kg

MOUNTING HEIGHT *(from Top of Hand Drying Chamber to Floor)*

Men	1100mm
Women	1030mm
Wheel chair	850mm

Note: All calculations assume a supply Voltage of 230V

IonPure Antimicrobial Protection within all ABS Plastic used in the Eco Blade Hand Dryer

Most Energy Efficient
Low Running Costs
350 Watts without Heat
1550 Watts with Heat

Most Hygienic
No Touch Operation
Fitted with HEPA Filter
Eliminates 99% Bacteria

Unique Ceramic Pad
Absorbs & Evaporates Water
No Water on Floor
No Slip Hazard

Removable Drip Tray
No Mess
Can be drained to Waste
